VI. OPEN PUBLIC HEARING(S) AND CONSIDERATION OF APPLICATION(S)

Vice Chairman Shawn Bryant opened the public hearing at 5:35 p.m.

- A. Application for Conditional Use Permit # 2021-002 submitted by George Klesel. Mr. Klesel is requesting a Conditional Use Permit to allow for mini storage / self-storage in the C-1 (Commercial) District. Klesel is planning to build a 48' x 80' pole building which he plans to rent storage area for large motor homes, boats and recreational vehicles.

Shawn Bryant next asked for any comments from the public wishing to comment on the proposed application.

Kim Adams stated she was just wanting more information in regards to the request. Adams questioned what type of lighting would be put in. She was also concerned with what type of buffer would be used to divide the commercial district from the residential district. She also noted she was concerned with any additional runoff coming into her pasture.

Vice-Chairman Shawn Bryant next asked for comments from Director Mike Salati in regards to Ms. Adams concerns.

Director stated the planned building would be a multi-use building. He stated the building would be used for Mr. Klesel's own business and that the additional space would be rented out. Salati noted the use would be very similar to self-service storage / mini storage.

Salati noted the lot itself was over 760 ft in length, noting the building would be located on 229th Pl. He noted the building would be over 250 ft from the nearest residential use. He did not believe a buffer would be required.

Salati noted the building would only be 25' from the property line excluding right of way.

Director Salati next asked for comments from George Klesel in regards to plans for the north part of the lot.

George Klesel noted he did not currently have plans for the back half of the property. Klesel noted the building would face east and stated there would be lighting above each overhead door. Klesel did not believe the lighting should be an issue for her.

Klesel noted the water run off would be going to the north.

Kim Adams asked at what point a barrier would be required.

Salati noted a buffer maybe required if there were to be another building constructed on the north half of the lot.

Director Salati noted he would be happy to send Kim Adams a copy of the proposal.

Wayde Burkhart questioned the hours of operation.

Klesel stated he would not have regular hours of operation as the storage would be self-serve. Noting there would be a keypad which would give renters access to the building.

Shawn Bryant next discussed the fact that the proposed storage would mainly be used by his Friends.

Wayde Burkhart moved to close the public hearing
